

Title:	Review safety measures at locations that are regulated and/or licensed
Level:	4
Credit value:	4
Learning outcomes	Assessment criteria
The learner will:	The learner can:
1. Understand requirements for reviewing safety measures in complex premises and environments that are regulated and/or licensed	<p>1.1 explain the signage requirements for the location and, where relevant, category and type</p> <p>1.2 summarise the legislative framework and the mechanisms of enforcement within own, and others, level of responsibility</p> <p>1.3 explain the purpose and function of safety solutions and control measures associated with the protection of people, property and the environment in relation to the risks associated with the location</p> <p>1.4 explain the function of the facilities required at site to assist a responder to manage and resolve an incident</p> <p>1.5 evaluate the potential for incidents to occur at the location</p> <p>1.6 explain licensing requirements associated with the location</p> <p>1.7 specify the requirements for records associated with the location's usage</p>
2. Be able to determine risks in complex premises and environments	<p>2.1 establish the nature and level of the risks associated with the type and use of the location</p> <p>2.2 liaise with appropriate enforcement agencies to evaluate the effectiveness of the existing risk assessment</p> <p>2.3 evaluate risk reduction and control measures in respect of the management of the location</p> <p>2.4 confirm the suitability and sufficiency of existing control measures</p>
3. Be able to recommend controls to manage specific risks in complex premises and environments	<p>3.1 advise on the effectiveness of self-determined risk assessment and actions which require attention</p> <p>3.2 generate options for improving control measures for the management of complex premises and environments</p> <p>3.3 prioritise options, taking account of local, national, international and regulatory requirements</p> <p>3.4 recommend action to ensure compliance specifying the benefits and implication of each</p>

	<p>option at a sufficient level of detail that can be understood by the appropriate people</p> <p>3.5 specify the consequences of non-compliance with external requirements</p>
Additional information about the unit	
Unit aim(s)	<p>This unit is about auditing and advising on the risks associated with locations that are regulated and/or licensed. It applies to working in complex premises and environments. Individuals will work within their personal level of responsibility and authority in terms of providing advice, information and dealing with regulatory and/or licensing matters. The context of this standard may vary in different Authority areas due to the regulatory requirements therein.</p> <p>The requirements specified in Learning Outcome 1 relate to a general term used to encompass the individual's understanding of all aspects of reviewing safety measures in complex premises and environments that are regulated and/or licensed.</p> <p>The unit is recommended for Practitioners, i.e. anyone who is employed or contracted to work with others in an organisation - managers, staff, trade unions, owners and/or occupiers - to ensure that, within the scope of their responsibility, suitable and sufficient fire safety arrangements are made and maintained.</p> <p>It is also appropriate for Regulators, i.e. anyone who has the responsibility for ensuring the requirements of Fire Safety and associated regulation are being met through cooperation or enforcement.</p>
Unit expiry date	[End of accreditation]
Details of the relationship between the unit and relevant national occupational standards (if appropriate)	FS9
Details of the relationship between the unit and other standards or curricula (if appropriate)	N/A
Assessment requirements specified by a sector or regulatory body (if appropriate)	<p>For the knowledge and understanding component of the unit, assessment from a learning and development environment is allowed.</p> <p>For the practical components, simulation in a learning and development environment is recommended but assessment in a workplace environment is also permitted.</p>

Endorsement of the unit by a sector or other appropriate body (if required)	This unit is endorsed by Skills for Justice, the Sector Skills Council for Justice
Location of the unit within the subject/sector classification system	[Unit code]
